Pre-Student Teaching in Special Education

INTRODUCTION

The purpose of Pre-Student Teaching is to introduce the student to the profession of teaching in a supportive and professional manner. In Pre-Student Teaching the student has the opportunity to experience teaching and the responsibilities that it entails under the direct guidance of the Cooperating Teacher and the University Supervisor. The support and constructive feedback provided the Pre-Student Teacher by these professional mentors are invaluable to this experience. The enthusiasm, interest, and energy of the Pre-Student Teacher make a critical contribution to this process. Pre-Student Teaching is designed to begin the life-long professional development and growth of a teacher -- to this end it is designed to be a proactive process.

Terms

Pre-Student Teacher: A student who is majoring in Special Education at the University of Nevada, Las Vegas, and who has completed a minimum of 21 hours of coursework in Special Education including EDU 203, EDSP 441 (ESP 421), EDSP 481 (ESP 456), EDSP 423 (ESP 468), EDSP 462 (ESP 472), EDSP 453 (ESP 477), EDSP 415 (ESP 464), EDRL 471 (ICG 462), EDRL 437 (ICG 455), EDSP 464 (ESP 478), and EPY 303. In addition, the student is enrolled in EDSP 466 (ESP 487 Group Methods for Students with Disabilities) while pre-student teaching and attends EDSP 488 Pre-student teaching Seminar.

Cooperating Teacher: An instructor in the Clark County School District with a minimum of two to three years experience in Special or General Education.

University Supervisor: An instructor at UNLV with experience in student teaching supervision; this individual monitors, observes and provides feedback to the Pre-Student Teacher.

Coordinator of Pre-Student Teaching: Faculty in the College of Education responsible for overall coordination of Pre-Student Teaching.

Implementation

The student spends twelve (12) weeks in a Special Education classroom at an approved placement and three (3) weeks in a General Education Classroom.

The experience requires a daily two-hour block of time in the classroom over the course of the semester. The two-hour block of time is to be consistent (e.g., during the same time period each day). This time block involves quality instruction time for students. It should not overlap with breaks or lunches. If possible, the time should be in the morning. Any tardiness or absences are reported the same day to the University Supervisor and must be made up at the end of the experience.

The student is not a paraprofessional, but an individual in the process of professional preparation under the guidance of a recognized professional educator. Because of the importance of quality professional preparation and insurance regulations, the student cannot be left unsupervised at any time.
Observation and Evaluation

Observations of the Pre-Student Teacher are made by the Cooperating Teacher and the University Supervisor. It is recommended that the Cooperating Teacher complete three formal observations prior to the mid-term and three more formal observations prior to the final using the University Field Experience Observation forms. These forms are designed to provide constructive feedback to the student. The Cooperating Teacher should also observe the Pre-Student teacher weekly providing feedback using the Weekly Supervised Teaching Report on the weeks formal observations are not being completed.

The University Supervisor will complete two formal observations prior to mid-term and two formal observations prior to the final. After a formal observation, the University Supervisor meets with the Pre-Student Teacher and the Cooperating Teacher to review the observations and discuss the progress of the Pre-Student Teacher. Copies of the observations are distributed to the student and the Coordinator of Field Experiences. Both the Cooperating Teacher and the University Supervisor will each complete a mid-term and a final evaluation assigning a letter grade that the Pre-Student Teacher has earned.

Midterm and Final Report
The midterm and final report are each filled out by the Cooperating Teacher and the University Supervisor. These two assessments are used in determining the final grade for pre-student teaching.

Weekly Progress Report
The Weekly Progress Report is completed on a weekly basis by the Cooperating Teacher and reviewed by the University Supervisor each visit. This report is shared with the Pre-Student Teacher and evaluates the week-by-week progress of the Pre-Student Teacher. This report is also filled out by the General Education Teacher during the General Education Phase of the semester.

Student Teacher's Weekly Progress Summary
The Student Teacher's Weekly Progress Summary is completed by the Pre-Student Teacher on a weekly basis as a form of self-evaluation. These should be shared with and signed by the Cooperating Teacher and the University Supervisor.

Final Grade
The final grade in Pre-Student teaching is determined by the University Supervisor in conjunction with the Cooperating Teacher. The final grade takes into consideration the Weekly Progress Reports and the Field Experience Observation forms and the midterm and final reports completed by the Cooperating Teacher and the University Supervisor. Attendance at the pre-student teaching site is considered when the final grade is calculated.

Advancement to Student Teaching
Students must earn a B or higher in EDSP 487, Pre-Student Teaching, EDSP 488 Pre-Student Teaching Seminar and EDSP 466, Group Teaching Methods to be advanced to Student Teaching.

Responsibilities of Cooperating Teacher

1. To be present in the classroom during the time the Pre-Student Teacher is in attendance. Due to insurance regulations, the Pre-Student Teacher is not to be left unsupervised in the classroom.

5. Observe the Pre-Student teacher weekly providing feedback using the Weekly Supervised Teaching Report on the weeks formal observations are not being completed.

6. Conduct weekly conferences in which the student teacher’s performance is reviewed and evaluated. These meetings are designed to facilitate the professional growth and development of the Pre-Student Teacher.

7. Complete the written, mid-term evaluation. Discuss the evaluation with the Pre-Student teacher and the University supervisor and provide the Pre-Student Teacher with a copy of the evaluation.

8. To include the Pre-Student Teacher in MDT and IEP meetings, if possible.

9. Obtain a General Education placement for the Pre-Student Teacher. This placement occurs during the last three weeks that the Pre-Student Teacher is at the school. The Supervising Teacher should make sure that the General Education teacher knows the responsibilities and role of the Pre-Student Teacher and that the Pre-Student Teacher is not to be left alone in the classroom.

10. Complete final evaluation. Have ready for final meeting with University Supervisor.

Requirements and Responsibilities of Pre-Student Teacher

After taping the lesson, the student teacher will evaluate his or her teaching by viewing the tape and completing the Self-Evaluation Form. These tapes will be brought to the Pre-Student Teaching Seminar on a specific date mutually agreed upon by the pre-student teacher, cooperating teacher, and university supervisor. Prior to videotaping, the pre-student teacher must first acquire permission from the school principal. Sample Letter for Video Taping Permission
Dear Parent or Guardian,

In a continuous effort to improve my teaching skills, I would like to videotape myself teaching a lesson in your child’s classroom. This is one of the requirements for my student teaching experience provided parent permission is obtained. Although the focus of the tape will be on my teaching behaviors, pupils in the class will unavoidably be shown on the tape. For this reason, we are asking your consent to film your child as s/he interacts with me during the lesson being taught.

The video taping will be conducted under the supervision of (cooperating teacher’s name). The disruption to normal classroom instruction will be minimal. The classroom activities will progress as scheduled. The filming will require a maximum of one to two hours.

The taped lesson will give me an opportunity to view myself teaching and will help me identify ways that I can improve my skills. UNLV Department of Special Education faculty may also view the tape and show it to other teacher trainees for the purpose of illustrating effective teaching strategies. If you have any questions about any aspect of this activity, please call me at _ or the Cooperating Teacher.

Sincerely,

(your name)
Student Teacher

_______ Yes, I give permission to videotape my child.
